MPC

Skills

Programming Languages: Python, Java, C

Front End Technologies: HTML, CSS, JavaScript

Database and Version Control: MySQL, GitHub

Intrests: Canva, UI/UX Design, Video Editing, Photography

Projects

ChefMate – AI-Powered Culinary Web App — MERN Stack

- Built a responsive, user-friendly recipe platform using React.js, Node.js, and MongoDB. Integrated Gemini AI for ingredient image recognition and smart recipe generation. Designed intuitive UI with Tailwind CSS, meal planner, and auto shopping list features. Enabled secure user login, profile customization, and cloud-based image uploads via Cloudinary. Focused on reducing food waste and promoting healthy, personalized cooking experiences.

NIKE INTERFACE

- Revamped Nike’s e-commerce UI for a modern, intuitive UX—seamlessly aligning with the brand’s bold identity and user expectations.

MCDONALD’S INTERFACE

- Worked on redesign of McDonald’s global website to enhance user experience (UX) and align with brand identity and customer expectations.

NETFLIX CLONE

- Developed a fully responsive Netflix clone with dynamic UI components including banner, navbar, and interactive movie rows. Integrated TMDB API via Axios to fetch and display movie data with hover effects and smooth scrolling; optimized for all device screen sizes.

Certifications

Full Stack Developer Bootcamp

GeeksforGeeks

June 2025

- Completed a 6-week intensive course covering full-stack web development, from frontend to backend technologies.

Python for beginners

Simplilearn

November 2023

- Create your own quiz site in simplilearn
- Developed a own quiz site with html , css , javascript
- The website is use for quiz purpose

SQL and Relational Databases 101

IBM

July 2023

- Successfully completed ,received a passing grade ,and was awarded this cognitive class certificate of completion in ibm DB0101EN :SQL and Relational databases 101
